The batizado is a celebration of initiation for new students. It is when new students play capoeira with a teacher to receive their first cordão (cord/belt). It is a tradition that began with Mestre Bimba as a way to recognize a new student's understanding of beginning steps of capoeira. It was a right of passage that typically happened in class, amongst peers.

Today it has become a community celebration that includes the Troca de Cordões(changing of belts) when older students receive their next cordões. We invite special guest teachers to give workshops, our friends come share their energy to celebrate with us, we have rodas, play music, and ultimately we make our capoeira community stronger.
